While we have so very many organizations and individuals we love to thank for supporting us, we would like to send a special shout-out here to a couple in particular for recent and upcoming contributions that make such a difference in the lives of our seniors.

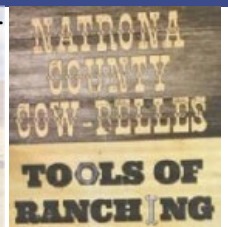

Thank you for helping the Senior Center in our mission to provide a daily nutritious meal for the aged-60 and over population of Natrona County and surrounding areas through your bountiful benefactions of financial support and helping hands!

Not only did the Reville Rotary Club pay for lunches, they showed up on the 2nd COLDEST day of December 2022 and served, including meals being picked up curbside. We are so very grateful for your generous spirits and selflessness!

We are so very fortunate to have the support of the Natrona County Cow-Belles. This fantastic group of gals comes in annually and provides the most awesome Roast Beef for dinner! In 2022, we were

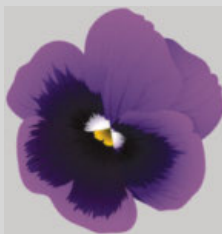

lucky enough to welcome them twice, the 2nd being the final lunch of the year, Dec. 30th. These wonderful ladies will be back on Monday, March 20, 2023 (with "bells" on...)!

Try to Find This!

Let the front office know the answer for entry into the drawing for a free week of lunches!!

ALL ABOUT US

Central Wyoming Senior Center was established in 1975 to provide nutritious meals, companionship, program support, and activities for the senior citizens of Natrona County. We began serving meals in a church basement and eventually moved into our current facility,

where we provided more than 29,000 meals last year. All of our programs are designed to enhance the ability of the over-60 population of Natrona County to stay active, healthy and independent by offering activities and nutritional support & services to meet their changing

needs. We were established as a 501(c)3 in 1976 to provide low cost, nutritious meals to the over-60 population of Natrona County. Many of our programs are administered by the Wyoming Department of Health Office of Healthcare Financing.

From the Desk of the President:

Cindy Bower has a fantastic display at the Center this month featuring Genealogy. She will be conducting a free 45-minute genealogy workshop, "The Legacy of Stories," in the conference room on February 8, 2023 at 12:30pm. Learn how you can preserve your family's past and inspire future generations.

By request of the Chair Exercise class, Elkhorn Valley Rehabilitation Center will be presenting information on "Fall Prevention." According to the CDC, more than one-third of people 65 and older fall each year. In addition, 20% of falls cause serious injury and 95% of hip fractures are caused by falls. Learn how you can lower your risk for a fall on February 15, 2023 at 11:00pm, immediately after chair exercise class.

If there is a topic which would be of interest to you, please let me or a staff member know. We will find a speaker to present that topic.

We always welcome volunteers, new members and your comments regarding the Center.

Best wishes,

Linda Blackstone

SPOTLIGHT

10 Things You Didn't Know Happened on Valentine's Day

Valentine's Day is filled not only with cards, roses, and chocolates, but plenty of history as well.

Christopher Klein UPDATED: 8/31/18 ORIGINAL: 2/14/14
<https://www.history.com/news/10-things-you-didnt-know-happened-on-valentines-day>

1. **Captain James Cook is killed: 1779.**

Among Britain's most accomplished explorers, Cook charted lands from Newfoundland to New Zealand to Alaska. In 1778, on his third voyage to the Pacific Ocean, he became the first European on record to visit the Hawaiian Islands and was received with honors. He encountered a much different reception, however, when he returned the following year. After one of the crew's small boats was stolen, the captain decided to retaliate, not by seizing a boat of his own, but by holding Hawaiian King Kalaniopuu hostage instead. A hostile mob surrounded Cook and his men as they reached Kealahou Bay with the king. When news arrived that the foreigners had shot a local chieftain across the bay, the crowd attacked. Cook shot one man dead but before he could reload, the captain was clubbed on the head and stabbed repeatedly before dying in the knee-deep waters.

2. **Battle of Kettle Creek: 1779**

In one of the most consequential battles in Georgia during the American Revolution, 400 patriots launched a surprise attack on a band of nearly 800 Loyalists from North and South Carolina that was camped along the flooded Kettle Creek in the woodlands of Wilkes County. Although outnumbered, the patriot militia scored a decisive victory and helped to quash the British strategy to cut off the southern colonies from the mid-Atlantic and New England.

3. **Oregon becomes a state: 1859**

With the stroke of President James Buchanan's pen, Oregon was admitted as the 33rd state in the Union just two years before it would be torn apart by the Civil War. Oregon had spent 11 years as a U.S. territory, and it would take more than a month for news of its admission to cross the country from Washington, D.C. by a combination of telegraph, stagecoach and steamship.

4. **Alexander Graham Bell applies for telephone patent: 1876**

In the year of America's centennial, a lawyer representing Bell filed his telephone patent application at the U.S. Patent Office in Washington, D.C., just hours before the attorney for Elisha Gray filed a caveat announcing his intention to file a claim for a patent for his version of a telephone. Presented with both applications, the Patent Office ultimately decided on March 7, 1876, to issue the first patent for a telephone, U.S. Patent No. 174,465, to Bell. Three days later in Boston, Bell successfully transmitted speech over telephone wires when he said these words to his assistant, "Mr. Watson—Come here—I want to see you." The legal wrangling between Bell and Gray lasted for years.

5. **General William Tecumseh Sherman dies: 1891**

Inside his residence on the Upper West Side of New York City, the old warrior succumbed to pneumonia at the age of 71. President Benjamin Harrison, who had served under the general in the Civil War, ordered all national flags to be flown at half-mast to honor the Union general whose ruthless 1864 "March to the Sea" left a path of destruction across Georgia and proved to be one of the war's

decisive moments. Three former presidents and all the generals who had served under him attended the funeral before his body, dressed in full military uniform, was transported to St. Louis for burial.

6. **Arizona becomes a state: 1912**

More than a half-century after Oregon joined the Union, Arizona did the same. President William Howard Taft initially vetoed the request for statehood in 1911 because its constitution permitted judicial recall. After Arizona revoked the offending clause, Taft signed the proclamation to make it the 48th state. Arizona voters extracted payback on Election Day in 1912, however, when they approved a constitutional amendment reinstating judicial recall and gave Taft only 13% of their votes, placing him behind Woodrow Wilson, Theodore Roosevelt, and Eugene V. Debs.

7. **Jimmy Hoffa is born: 1913**

While the labor union leader's ultimate fate remains unknown, there is no mystery surrounding the start of his life. Hoffa was born on Valentine's Day in Brazil, Indiana. After becoming president of the Teamsters in 1957 and serving time in prison for bribery, Hoffa disappeared from the parking lot of a Detroit restaurant on July 31, 1975, and has never been seen since.

8. **The bombing of Dresden: 1945**

In the final months of World War II, British and American bombers unleashed a devastating aerial attack on the historic capital of the eastern German state of Saxony. The firestorm that ignited from the first round of high-explosive bombs and incendiary devices dropped just minutes after midnight was so intense that bomber pilots in the second wave could see the glow from 500 miles away. The massive two-day air raid decimated 90 percent of the city center, destroyed cultural treasures and killed between 35,000 and 135,000, a wide-ranging estimate because it was unknown how many refugees were in the city at the time. The bombing was controversial because Dresden was neither important to German wartime production nor a major industrial center.

9. **First Knesset meeting: 1949**

Months after achieving independence, Israel's first parliament, the Constituent Assembly, convened inside temporary quarters in Jerusalem's Jewish Agency building. Israel's first president, Chaim Weizmann, delivered a solemn address offering "friendship to all peace-loving people" and extending a "hand of peace" to the country's Arab neighbors before swearing in the 120 legislators. Two days later, the parliament renamed itself the Knesset.

10. **Jacqueline Kennedy shows off the White House: 1962**

Wearing a triple strand of pearls and a red wool dress, the 32-year-old First Lady led a huge nationwide TV audience on a virtual tour of the White House, which she had recently refurbished. Mrs. Kennedy displayed her knowledge of fine arts as she described the mansion's historic portraits, antiques, and furnishings. President Kennedy appeared for the final 5 minutes of the broadcast, but his wife was the star, earning critical plaudits and an honorary Emmy Award.

What Your Memorial Does

The Board of Directors has directed that memorial gifts are to be spent only on items of lasting value, not general operations. When we last expanded the Center, we used memorial gifts to match One Cent and other money. Just note on your check that the gift is a memorial and the person you wish to be remembered.

from “A Winter Piece”

by William Cullen Bryant

But Winter has yet brighter scenes—he boasts
 Splendors beyond what gorgeous Summer knows;
 Or Autumn with his many fruits, and woods
 All flushed with many hues. Come when the rains
 Have glazed the snow and clothed the trees with ice,
 While the slant of sun of February pours
 Into the bowers a flood of light. Approach!

The incrusted surface shall upbear thy steps,
 And the broad arching portals of the grove
 Welcome thy entering. Look! the massy trunks
 Are eased in pure crystal; each light spray,
 Nodding and tinkling in the breath of heaven,
 Is studded with its trembling water-drops,
 That glimmer with an amethystine light.

Fun FEBRUARY Facts!

- ♥ Over time, the length of February changed. At one point, it had 23 days! The length was finalized in 713BC when Julius Caesar remade the Roman calendar and assigned the newly added month 28 (and 29) days.
- ♥ February in the Southern Hemisphere is the approximate equivalent of August in the Northern Hemisphere.
- ♥ February is the only month where it’s possible to not have a full moon.
- ♥ The odds of being born on February 29th are about 1 in 1,461. Those lucky born are called a “leaper” or “leaping.”
- ♥ On February 2, 1848, the US and Mexico signed the Treaty of Guadalupe Hidalgo, ending the war, and the US paying \$15 million to Mexico for California, Utah, Nevada, Arizona, Texas, Colorado, New Mexico, and Wyoming.

Steer Clear of Dental Hazards

Avoid oral health risks as you age

Stay on top of your dental health with proper hygiene and regular visits to the dentist.

Gum Disease

Likelihood increases after age 30

- Infection of the gum tissue
- Can lead to tooth loss

Oral Cancer

Likelihood increases after age 40.

- Linked to tobacco use
- Can be fatal if not caught in time

Dry Mouth

Likelihood increases dramatically by age 50

- Increases risk of cavities and bad breath
- Caused by many medications

Limited Dentist Access

Frequency of dental visits drops after age 64

- Regular cleanings and exams can help catch problems before they get worse

Poor Oral Hygiene

Difficulty brushing and flossing is linked to arthritis, which affects half of all Americans by age 65.

- Consider toothbrushes with modified handles and easy-to-use floss holders

SUNDAY, FEB 12, 2023 • 6:30PM ET
State Farm Stadium • Glendale

SNACKS

Ingredients

- 4 slices bacon
- 1 c. finely shredded Parmesan
- 1/2 c. shredded cheddar (preferably aged)
- 1 jalapeño, sliced thinly
- Freshly ground black pepper

Directions

Step 1

Preheat oven to 375°. In a large nonstick skillet over medium heat, cook bacon until crispy, 8 minutes. Drain on a paper towel-lined plate, then chop.

Step 2

Spoon about 1 tablespoon of Parmesan into a small mound on a large baking sheet and top with about tablespoon of cheddar cheese. Carefully pat down cheeses and top with a jalapeño slice. Sprinkle with bacon and season with pepper. Repeat with remaining ingredients.

Step 3

Bake until crispy and golden, about 12 minutes.

Step 4

Let cool slightly on pan before serving.

Are you ignoring the signs?

Can you read the signs correctly to determine if your heartburn is just that, and something more serious?

For more than 3 million people in the U.S. chronic heartburn has turned into Barrett's Esophagus, a pre-cancerous condition. Many don't even know they have it.

Take control of your health and ask your doctor about your risk for developing Barrett's Esophagus and treatment options. Gastroenterology Associates has the latest technology to diagnose and treat this condition, before it has the opportunity to progress to cancer.
