## News from the Natrona County Health Department:

**Protect Your Skin**—July is UV Safety Month! The summer sun is strong, but protecting your skin is easy! Always wear broad-spectrum sunscreen (SPF 30 or higher), seek shade during peak hours, and wear hats and sunglasses for extra protection. Regularly check your skin for any new or changing moles, spots, or unusual growths, as early detection is key to skin cancer prevention. Visit the Casper-Natrona County Health Department for UV safety resources and tips to keep your skin healthy all year long! Take charge of your health—reach out today to learn more about the programs and resources available to you, 307-235-9340!

### Extra Trash Pick Up & Dump Passes

Residential customers can request up to 12 dump passes annually at City Hall. Passes expire 30 days from the issue date, so please plan accordingly.

Extra trash pickup for non-household items like grass clippings, weeds, or bundled branches (under 4 ft) is available on **July 10th and 24th.**

Questions?  
Call City Hall at 234-6679.

### Freden Park

New park equipment is open at Freden Park. Our Public Works Department worked hard to have it ready for this summer. Please have your children enjoy it responsibly.

A reminder for our residents that maintaining our community is a shared effort. In line with city ordinances, please ensure your yards and alleys are well-maintained by pulling weeds, cutting grass, and removing downed branches. Easement properties and areas outside fence lines are also the resident's responsibility. Let's work together to keep Mills looking beautiful.
