Help Mills Secure Our Own ZIP Code: H.R. 672

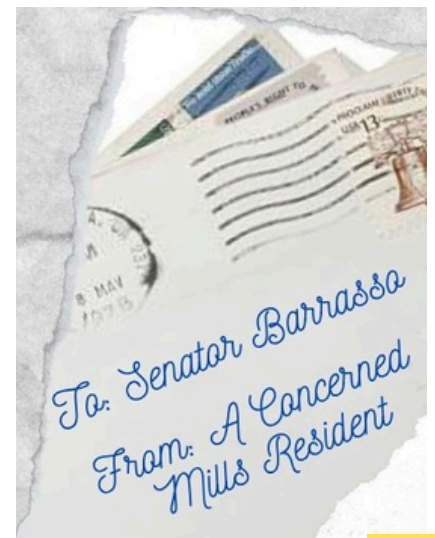

The City of Mills is advocating for its own ZIP code through federal legislation H.R. 672, which is now in the Senate Committee on Homeland Security and Governmental Affairs. This change would improve mail delivery, emergency services, and ensure that Mills' tax revenues stay in our community. Your voice matters! Please call or email Wyoming's U.S. Senators and ask them to support this important bill:

Senator Cynthia Lummis (R WY)
Casper: (307) 261 6572 | D.C.: (202) 224 3424

Senator John Barrasso (R WY)
