**PLEASE JOIN US FOR A PRESENTATION AND  
PUBLIC DISCUSSION REGARDING THE MILLS TO  
DEMPSEY ACRES CONNECTION**

The Town of Mills and Casper Area MPO have partnered with ECS Engineers for a Planning and Environmental Linkage (PEL) Study of the Chamberlin Road corridor/connection between the Town and the Dempsey Acres area south of Mills. Chamberlin Road is currently the only access for the Dempsey Acres area. The PEL Study will address ways that the Town and MPO can ensure continued access in and out of Dempsey Acres.

We are looking for your input! Please take part in one of the sessions to learn more about the project and share your ideas and opinions. See the times and location below. To allow for remote participation, the presentation will be simulcast via Microsoft Teams hyperlinks available on the MPO's Facebook page at: <https://www.facebook.com/CasperAreaMPO/>. Additional ways to provide feedback are to contact Brian Chandler via phone at 307-337-2883 or email [bchandler@ecsengineers.net](mailto:bchandler@ecsengineers.net)

The Planning & Zoning board will have 1 opening coming up in January. The Town of Mills Planning and Zoning Board is comprised of five unpaid Town of Mills residents that serve as board members. The members are appointed by the Town Council and serve at the Council's pleasure. Their primary purpose is to serve as advisors to the Town Council on matters of planning and zoning. If you are interested in being on this board please come to Town Hall to fill out an application.

## GARBAGE COLLECTION REMINDERS

The only Holiday without regular trash pickup is New Years day. With New Years a Friday this year, the observed Holiday day will be treated as the Holiday. If your regular garbage day falls on Friday Jan 1, your trash will be picked up on Saturday, Jan 2. There will be extra pickup on Dec 31.

Commercial garbage pick up: the Town of Mills attempts to pick up some or most customers on the day before the Holiday. Otherwise pick up will be the following day.
