Message from your Fire Department:

Remember as cold weather takes hold keep flammable materials away from furnace, space heaters and wood stoves. Make sure there is adequate ventilation. Check the batteries on smoke and carbon monoxide detectors. If you need either detector please call 307-234-8481 ext. 2000 and we will try to assist you. When keeping pipes from freezing this winter use only UL approved heat tape, again let us know if you need assistance. No open flames. We at Mills Fire Department hope your Holidays are Merry and we wish you a safe and Happy New Year!
