Please be aware of the weeds on your property. Weeds are a fire hazard and they do spread to neighboring properties. Property owners are responsible for all weeds on their property, including sidewalks and private alley ways. Lets clean up our weeds and show the pride we have for our community!

Beginning July 1st, 2023 the City of Mills will begin charging a fire inspection fee, based on the square footage of the building. The fire inspection fee will replace the business license fee of \$65.00. Per city ordinance, a business license is required to operate a business in the City of Mills and an annual fire inspection is required to obtain a business license.
