## Service and Sacrifice Park: Honoring Our Heroes

The City of Mills plans to transform and modernize the current Memorial Park (across from the post office) into the new Service and Sacrifice Park. A 501c3 has been formed to support the creation of a dynamic and immersive experience honoring Wyoming's veterans and first responders. This reimagined park will blend art, sound, video, and storytelling to create a space that inspires reflection and gratitude for those who have served and sacrificed for our community and our nation.
