

Work Session Minutes

January 14th, 2020

Meeting called to order by Mayor Coleman at 6:00pm.

Present: Mayor Coleman, Councilman Ives, Councilman McCarthy, Councilman Wales
Councilman Hollander, Pat Holscher, Department Heads

Mayor review the agenda and asked the council if they have any questions.

Dave North, showed the council the plans that he has for the upstairs of the fire department. He passed out a drawing for them to see. He wants to add a men's and women's shower. Right now they are one. He wants to move them and have the women's upstairs and the men's downstairs. The building has no sprinkler system, so that would be a huge cost to get this done. But it has to be done. The sleeping rooms would be upstairs and the rooms downstairs would be offices and places for the part-timers to go. Dave asked the council to look over it and if they have any questions to let him know. The Mayor asked for him to get quotes on the sprinkler system. Dave also told the council that he is doing captain interviews on Thursday. He is having people for the County and other fire personnel from other places to sit in on the interviews. There is 3 people from out fire department that are interviewing for it.

Mayor asked the council if they had a chance to look over the list of the 6th cent tax. Councilman McCarthy stated she would like to see a community center. Mayor stated that the WTP needs a new generator and Kevin the Town Building inspector stated that the pathways needs to be on that list.

Mayor stated that the town was approved for the \$425,000. The town will be paying 20% and the 80% is a grant. We were trying to get two tanks done but they only approved for one.

ADJOURNMENT: Mayor adjourned the work session at 6:30pm

Attested: Christine Trumbull
