Councilman Wales made the motion to approve the vouchers, and petty cash report and approve the voided and manual checks. Councilman Ives seconded. Four Ayes-1 Abstain. The Mayor abstain since a check was made out to him. Motion carried.

Open Discussion:

Mickey Spalding: A Mills Resident

Mickey wanted to know if the council could make a new Ordinance on the hours that a contracting company can begin work in the morning hours and night time hours. The building that is going on behind his house the contractors have been starting at 5:30 a.m. He has had some of his neighbors come to him and complain. One of his neighbors is an 89 year old man. Mickey has approached the foreman on the job and he basically told him to mind his own business and he will not be told what to do. The foreman did not care what Mickey had to say and did not care if he called the cops. Mickey also stated that the contractors are leaving their building supplies in the street. Mayor Coleman asked what the address is. Mickey replied it is 6th and Rambler. Mayor stated that he will go look and get a hold of the building inspector to go look and see what is happening. Mickey also asked the council if a barrier can be placed around the mailboxes that are in the new neighborhoods. All the mailboxes are in one spot and need some sort of barrier to protect against lost mail and trash. Councilman McCarthy stated that there is a HOA that the residents pay into and we should look there first. Mayor stated that he will look into that issue as well.

Allan Gruber: Harding Street

Allan wanted to know who owns the land by the mailboxes on Lakeview by the new fire department. He would like to see some sort of barrier around the mailboxes there as well. Mayor Coleman stated that we do not have any control of mailboxes. Allan wanted to know who owns the land and if there is any HOA fees in that area. Mayor stated again that he does not believe there is any HOA in that area and the town cannot control the area around the mailboxes. The town owns the land but would have to go through the federal government on the mailboxes and what happens around them. Mayor stated that the town planner was not here tonight and would get with him to find out the requirements and what can be done. But as far as he know it is not in the control of the town.

Leah Juarez: Mills Resident, Connie Street

Leah stated that she would like to meet one on one with the Mayor on the budget line items. She has too many questions. But one question she has is in regards to the check list register. She wanted to know who David Ives is and that we paid on our MasterCard a bill to a hotel in Casper. Mayor stated he would have to look into it. She also sees that we pay EMS Billing Services. She was under the impression that we went to in house billing and wanted to know why we are still paying them. Town Clerk Christine stated that we will be paying for more than a year. They have services that they billed for and have yet to receive the money. When they

get money in we have to pay for the service they provide. This could go on for more than a year or so. I know that the VA Medical is about 6 to 8 months behind on paying the bills they have received from EMS Billing. Mayor stated to Leah to get with the Town Clerk and set up a meeting that they can meet.

ADJOURNMENT: Councilman Ives made the motion to adjourn the council meeting at 7:18p.m. Councilman Hollander seconded. All Ayes-Motion carried.

Mayor Seth Coleman: _____

Attested: Christine Trumbull _____
